The public engagement process for the 16 Avenue and 19 Street N.E. Interchange Functional Planning Study is now complete. We received a total of 247 feedback forms, 177 public open house attendees and 37 stakeholder meeting attendees. Thank you to everyone that participated in the process and helped us develop a plan that reflects the community's needs.

Please join us on Thursday, March 13, 2014 to view the final recommended option, learn about how public input was incorporated into the decision-making process and hear about the next steps of the project as it moves to City Council for approval.
