

## WINSTON HEIGHTS MOUNTVIEW COMM. ASSOC.

Enmax is currently seeking approval for the Central Calgary Transmission Line Replacement Project, which will utilize **free-standing towers as tall or taller than Mountview Apartments.**

(Mountview Apartment building is 7 storeys)

[www.enmax.com/projects/central-calgary-transmission-line-replacement-project](http://www.enmax.com/projects/central-calgary-transmission-line-replacement-project)

### Proposed Above Ground Route:

- Along the alley on the south side of Munro Park.
- South side of 17th Avenue, behind the COOP development.
- Crossing 6th Street, continuing along 17th Avenue behind Mountview Apartments, Fanning Centre, and Ambassador Motel.
- Crossing Moncton Road, jogging south and then east to parallel 16th Avenue.

### Community Impact:

- Loss of value for adjacent properties - up to 44.9%<sup>1</sup>
- Aesthetic reasons/visual impact
- Sterilization of a green belt
- Impact on the quality of future development
- Noise impact - hum and crackling (winter)

### Things you can do to try to prevent this from occurring...

- Please share this document with your neighbours
- Contact Alex at [president@winstonheights.ca](mailto:president@winstonheights.ca) with reasons why you would be opposed to the above ground option. He will use this in the AUC hearing.
- Send emails or letters of protest to the contacts on the back of this note.
- Join the WHM Community Association at [www.winstonheights.ca](http://www.winstonheights.ca) for advocacy

---

<sup>1</sup> A 2018 study from the Journal of Real Estate Research found that properties near high-voltage power lines sell for 44.9% less than equivalent lots that aren't located near power lines.
